MEDICAL PRACTICE

Winterton Surgical Unit for North Lincolnshire Patients

Here at the Winterton Medical Practice we have a purpose built Surgical Unit which opened in 1996.

Since 1998 the Surgical Unit has provided a community orthopaedic service under a contract with North Lincolnshire CCG. The Surgical Unit underwent a refurbishment in 2010 to bring it up to date with infection control standards. Since the unit opened we have provided the following procedures for patients in North Lincolnshire: Repair of Inguinal and Umbilical Hernia's, Carpal Tunnel Release, Cubital Tunnel Release, Trigger Finger Release, Dupuytren's Contracture, Excision of Ganglions (Hand/Wrist/Foot/Knee), Division of Palmar/Plantar Fascia, Canal of Guyon release, Primary Tenolysis, Joint Injections, Circumcisions, Vasectomy's and Excision of Lesions/Cysts/Skin Tags. Our services are registered with the CQC.

Our premises are located in Winterton which is a small town north of Scunthorpe. This has easy access by road, our postcode for satellite navigation is: DN15 9TA. We have a carpark on site for patients' use which is free of charge. There are also bus routes to Winterton from Scunthorpe with two bus stops approximately 400 meters from us. There are bus and train routes from Doncaster to Scunthorpe.

We strive to offer an excellent service for the patients that access our services and we have shared some of the feedback we have received from our patients below:

"Both the doctor and nurses in theatre were extremely professional and took the time to make sure I was as comfortable as possible; I thought they deserved a special mention in my comments, as I am very appreciative of their time and understanding on the day of my procedure. Thank you very much." **PATIENT FEEDBACK**

"I would highly recommend having a procedure at Winterton. Very efficient, staff were lovely, informative and friendly. Far superior experience to have GA in hospital. Incision much less noticeable than I anticipated, so very happy. Thanks to the staff." **PATIENT FEEDBACK**

"The care given by the unit was very good. The nurses attending the Op were brilliant and made me feel very relaxed. Many thanks for excellent care."
