

Winterton

MEDICAL PRACTICE

Winterton Surgical Unit offering
Community Carpal Tunnel Service for Doncaster CCG

Here at the Winterton Medical Practice we have a purpose built Surgical Unit which opened in 1996.

Since 1998 the Surgical Unit has provided a community orthopaedic service under a contract with North Lincolnshire CCG. The Surgical Unit underwent a refurbishment in 2010 to bring it up to date with infection control standards. Since the unit opened we have provided the following procedures for patients in North Lincolnshire: Repair of Inguinal and Umbilical Hernia's, Carpal Tunnel Release, Cubital Tunnel Release, Trigger Finger Release, Dupuytren's Contracture, Excision of Ganglions (Hand/Wrist/Foot/Knee), Division of Palmar/Plantar Fascia, Canal of Guyon release, Primary Tenolysis, Joint Injections, Circumcisions, Vasectomy's and Excision of Lesions/Cysts/Skin Tags. Our services are registered with the CQC.

Our premises are located in Winterton which is a small town north of Scunthorpe. This has easy access by road, our postcode for satellite navigation is: DN15 9TA. We have a carpark on site for patients' use which is free of charge. There are also bus routes to Winterton from Scunthorpe with two bus stops approximately 400 meters from us. There are bus and train routes from Doncaster to Scunthorpe.

COVID19

Additional Measures

We have introduced additional measures to keep patients and staff safe during the COVID19 pandemic:

- All patients are screened ahead of their appointment for Covid19 Symptoms
- All theatre staff will be wearing full PPE
- Patients must wear masks/face coverings while in the building
- All patients will be temperature checked ahead of surgery
- Hand washing facilities and hand sanitiser are located throughout the building and theatre
- Limited number of patients in the practice at a time
- One way system for surgical patients

**"Everyone was helpful
and the operation was very
well done. If I had to have
another operation I would be happy to have
it done at Winterton Medical Practice."**

PATIENT FEEDBACK

Mr Syed Shafqat

Mr Shafqat is a trauma and orthopaedic surgeon and has worked at Scunthorpe General Hospital since 1996. He performs lower limb joint replacement as well as other minor lower and upper limb procedures under local regional and general anaesthesia.

He was trained in the UK and completed his SHO registrar and senior registrar positions in well-reputed hospitals in England.

Mr Shafqat has operated at Winterton Medical Practice since 1998 and helped the practice establish a very safe service to patients of North Lincolnshire and is keen to welcome patients from Doncaster.

Mr Obehi Daniel Omonbude

Mr Obehi Daniel Omonbude is a consultant orthopaedic surgeon working for NLAG NHS trust. Mr Omonbude is an Honorary Senior Lecturer with HYMS and also the Royal College Surgical Tutor for NLAG.

"Both the doctor and nurses in theatre were extremely professional and took the time to make sure I was as comfortable as possible; I thought they deserved a special mention in my comments, as I am very appreciative of their time and understanding on the day of my procedure. Thank you very much."

PATIENT FEEDBACK

We look forward to working with you all in the future.

All referrals, comments and questions can be sent to Charlotte Markham who can be contacted via the email and phone number shown below.
